

NEO-LAX™

Our natural eliminative processes cannot be taken for granted. Faulty or irregular elimination can occur as a result of several reasons, including improper dietary choices such as insufficient fiber or too little liquid; stress can also be a factor. Master herbalists have learned that a carefully selected combination of natural herbal components can assist our lower digestive tract to perform its healthy elimination function. NeoLife's Neo-Lax is a unique combination of proven herbal ingredients, which are both safe and effective and especially helpful for encouraging normal stool movement and bowel function.*

Why Choose Herbs For The Lower Digestive Tract?

- Because herbs have been proven effective from centuries of use.
- Because herbs have a long history of safe use, without the side effects associated with chemical drugs.
- Because herbs are nature's solutions to wellness challenges.
- Because herbs are non-habit-forming.
- Because herbs work naturally and gently to support normal, calm digestive tract function.
- Because herbs have been shown to restore the body's balance and help the body perform at its vital best.
- Because herbs have been shown to support the natural processes of elimination and cleansing of the large intestine.

Our Solution: Neo-Lax

NEO-LAX™

Nuestro proceso natural de eliminación no puede darse como un hecho. La falta o la eliminación irregular pueden ocurrir como resultado de muchas razones, incluyendo hábitos alimenticios inadecuados, como poca fibra o muy poco líquido; el estrés puede también ser uno de los factores. Maestros de la herbolaria han descubierto que una combinación selecta de componentes de hierbas naturales pueden ayudar a nuestro tracto digestivo inferior a realizar su función de eliminación saludable. Neo-Lax es una combinación única de ingredientes herbales comprobados, los cuales son seguros y efectivos y especialmente útiles para estimular el movimiento normal de las heces y la función intestinal.
